

# 6 Day Route 6 Road Trip

## Pennsylvania Route 6

Who knew the American Dream was down the road?

**America. There are songs to describe it: poems to celebrate it and pictures to capture it. It lives as an image in our minds as early as childhood. It's a place of rolling hills, country fairs and front porch swings. It's an image of hope and vitality. A place where fallen heroes are honored and family comes first. Where an American flag is not just a decoration and where trying a yellow ribbon around the old oak tree is more than just a song. Here, you find ice cream stands, picket fences and hidden swimming holes scattered through our landscape. In today's world, it seems hard to believe that this anything more than a dream.**

**...But it's real. And it lives in the northern tier of Pennsylvania.**

**Experience the Dream on a 6 day tour from west to east across PA Route 6!**
